**VOLUNTEER. GIVE.
TODAY.
LIVE UNITED**

OUR MISSION

We mobilize people, organizations and resources in an impactful effort to advance Education, Financial Stability, and Health while addressing basic human needs.

EDUCATION

We know that educational achievement is the most effective way to ensure success in life. Souris Valley United Way is working with schools, agencies and other community partners to ensure that our children are given every opportunity to learn and succeed.

Fact: 90% of a child's brain is developed before their 5th Birthday.

FINANCIAL STABILITY

Souris Valley United Way and our partners help struggling families meet their immediate needs by providing a safety net: food, shelter, and utility assistance. At the same time we equip families with the tools they need to become self-sufficient.

Fact: 10.3% of people in our area live in poverty.

HEALTH

Souris Valley United Way and our community partners provide resources and support for the physical and mental well-being of individuals and families in our communities. By keeping people healthy today, we can ensure a promising future for our region.

Fact: 334 children received backpacks of food each week to prevent hunger over the weekends.

FAMILY AND COMMUNITY

Souris Valley United Way is not about one cause or issue. Everyday your dollars are providing solutions to the issues our local families and community struggle with.

Fact: 1 in 3 people are directly helped through your monetary donations.

IMPACT

Alex was referred to Youthworks STCAC after having run away from home. He had been away for nearly one week, even spending two nights outdoors in a park. Upon entry, he had a meal and was able to obtain clean clothing to wear. His mother contacted the Youthworks on-call worker to inquire about his wellbeing and receive recommendations about the next steps. She reported that conflict had been escalating in their home for the past few months, and even become physical at times. It was decided that Juvenile Court intervention would be appropriate. Alex and his mother met of the North Central District Juvenile Court and determined a plan for Alex to return home and for services to immediately be put into place. Alex was released to his mother and returned home. He initiated counseling services with North Central Human Service Center, and conflict in the home has improved. Alex remains in the care of his mother today.
